# Grayling Independent Basketeers Open Season Saturday Night, Here

The Grayling Independent Basketball team sponsored this year by Alfred Hanson, will open their season Saturday night at the Grayling High School Gym against a Cadillac team known as the Cadillac Flying Red Horos.

Cadillac has already been in two games thus far this season defeating Kalkaska, 58 to 33 and losing to the Harlem Clowns, 72 to 68, in an overtime game.

Leading scorers for Cadillac in the two games were Gerry Danhof, 6 foot 4 inch center formerly with Hillsdale College with 44 points and Herb Swanson, 5 foot, 11 inch forward, formerly with the LeRoy High School with 25 points. The Cadillac team also boasts of John Bradley, 6 foot forward-center formerly with Michigan State.

Grayling will probably start Ross and Sandy Thompson at forwards, Ed Smith and Ed Chalker at guards with the center post a tossup between Jim Rutledge and Hank Feldhauser. Others on the squad who will probably see action are Jim McClain, PeeWee Laurent, Clyde Anthony and Marty Kitchen.

A preliminary game has been set for 7:30 p. m. with the main game slated for 8:00 o'clock.

Millionth Traffic Death Expected In 1951

H. H. Bliss, a pedestrian struck by an automobile as he helped his woman companion alight from a street car, died of his injuries in Roosevelt Hospital. It happened in New York City, and, common-place as it sounds now Mr. Bliss thereby made history. He was the first recorded traffic victim in the United States. He was killed in September, 1899.

Another victim of traffic will be distinguished before the end of this year, according to Chief John Papendick, of the Grayling Police Department. This person will be the one millionth American killed in this country since the automobile came into use.

"It has taken about 30 years to pile up the first millionth traffic deaths," Chief Papendick said. "But at the present rate it will take only 30 years for the second million. They say the second million is easier. Certainly it may be faster—with more cars, more drivers and more mileage every year."

"But we can't spare that second million, not even one individual, to a preventable death. Anyone who has lost a loved one in a traffic accident will agree with safety authorities that traffic deaths can be prevented—if we will all drive and walk with care."

The admonition, "Don't You be one in a million!" is used by the National Safety Council in a campaign to postpone that millionth death as long as possible. Another thought should make every driver stop and think: "Will You be the driver who causes that millionth death?"

The Michigan State Safety Commission is coupling cautions to drivers with special reminders to pedestrians this month, as the theme of a state-wide continuing traffic safety program, part of a nation-wide effort to save lives and prevent injury and loss in traffic.

"More hours of darkness at times of peak traffic increases traffic dangers to pedestrians," Chief Papendick said. "Each year in November, pedestrian casualties are at or near their peak."

"When you're on foot, take special care to cross streets with the signals, and always at the marked crosswalks. Not in the middle of the block unless there is protection there for pedestrians. Be sure you can see, that you are not blinded by weather or a stack of packages or an umbrella, and then be sure you do see."

"Remember, it is much harder for drivers to see you because of your dark winter clothing, and by the lessened visibility these short days, when early darkness or stormy weather makes driving and seeing more difficult."

# Crash Victim Laid To Rest In Thumb

Funeral services for Mrs. Anna Leyrer Richards, Sr., of Grayling, who was instantly killed a week ago Monday afternoon in an automobile accident near here, were held at the Methodist church in Unionville last Friday afternoon at 1 o'clock. Burial was in the Demorest cemetery near Akron.

Mrs. Richards, who was born Jan. 8, 1875, was the daughter of Mr. and Mrs. Louis Grayson of Unionville. She married Fred J. Leyrer, of Bad Axe, who died Aug. 19, 1942. She lived with her son, Orville R. Leyrer, of Saginaw, until Nov. 20, 1947, when she married John H. Richards, of Grayling. Surviving are her husband; a son, Orville, of Saginaw; two sisters, Mrs. Ambrose Walsh, of St. Petersburg, Fla., and Mrs. Frank Marshall, of Port Austin; a brother, Sidney Greanya, of Caro; 12 grandchildren; and two great-grandchildren.

Katharine Ann is the daughter of Mr. and Mrs. Halford H. Kittleman of Chicago, Illinois, was decorated with cithotum ferns and clusters of spiral candelabra when Miss Katharine Ann Kittleman became the bride of Charles Robert Carr on Saturday, November 10th. Cathedral candles graced the altar and garlands of laurel were festooned over the pews down the aisle.

The ceremony was performed at four o'clock in the afternoon by Dr. Harrison Ray Anderson, pastor of the Fourth Church and the moderator of the Presbyterian Church of the U. S. A., and the groom's father, Dr. Carr.

Kathie, who was given in marriage by her father was lovely in her wedding gown of candlelight satin. Fashioned with a yoke embroidered in trapunto embroidery with clusters of seed pearls and crystals and a wide panel of the same embroidery down the front it featured a skirt very full over the hips and ending in a long

train. Her illusion veil was fastened to a cap of rose point lace. She carried a bouquet of white carnations and stephanotis.

Miss Grace M. Woodson of Salisbury, North Carolina, was maid of honor. She wore a gown of orange flame colored velvet and net with net bodice and velvet fichu and net skirt. To complement her gown she wore a little starched net halo the color of the dress and carried Amazon lilies and stephanotis.

The bridesmaids were Miss Katherine Reynolds, Miss Joan Farwell and Mrs. John S. Carvin of Chicago, Miss Jeanne Ford of Champaign, Mrs. James R. Brown of Mt. Clemens and Miss Ann Correllin of Lake Forest, Ill. Their gowns and net halos were similar to the maid of honors and they carried Amazon lilies and green ivy.

The junior bridesmaids were Miss Marjorie Wolff of South Bend, Indiana, and Miss Charlotte Wood of Evanston, Illinois, both cousins of the bride. Their dresses and net halos were miniature copies of the bridesmaids and they carried bouquets similar to the maid of honors.

The best man was Mr. Alan Davis of Kensington, Connecticut, and the ushers were Mr. James Frackleton of Lakewood, Ohio, Mr. Richard Hunt of New York City, Mr. Joseph Landen of Cincinnati, Mr. John S. Brooks and Mr. Edward E. Huth of Chicago and the groom's brother, Mr. John Lynn Carr of Lakewood, Ohio.

Mrs. Carr wore a gray crepe dress and accessories and a purple hat with narrow band trim in the form of little flowers with tulle centers and a corsage of green orchids.

Mrs. Kittleman wore cocoa colored lace with a bronze sole hat with amber rhinestone, trimming across the top, brown suede accessories and green orchids.

Mrs. Herbert S. Wolff of New York City, grandmother of the bride, wore an orchid crepe gown with a matching hat with plumes and a lavender orchid corsage.

The grooms grand mother, Mrs. Charles W. Graft of Grand Rapids, wore a navy crepe ensemble and matching hat and a corsage of white carnations.

The wedding reception was held following the ceremony at the Arts Club, Chicago, where the decorations were arrangements of white fuji mums and magnolias. The table bearing the bride's cake was covered with a satin cloth and was lovely with garlands of foliage and white flowers.

Katharine Ann attended the girls Latin School, Chicago, and graduated from Vassar College in 1949. She is a member of the honorary society, Phi Beta Kappa. Mr. Carr attended high school in Flint, Michigan and graduated from Yale University in 1949. He is a member of the College Club, Chicago.

Mr. and Mrs. Carr left by plane from New York on Wednesday for Bermuda, where they will spend their honeymoon. Kathie wore a purple wool suit with a lime colored hat edged in brown with a little veil, brown accessories and a corsage of white carnations.

Following their honeymoon the couple will reside at the Parkhurst Apartments, Bethlehem, Pa., where Mr. Carr is associated with the Bethlehem Steel Corporation.

Among the pre-nuptial affairs honoring Katharine Ann was a round-the-clock shower given at the Racquet Club, Chicago, by Mrs. Thierry McCormick and her

# Announce National Detection Drive

The American Diabetes Association, Inc., is sponsoring a National Diabetes Detection Drive Week, November 11 to 17, 1951.

Before 1921, the disease was almost 100% fatal when its symptoms appeared early in life. Affected children suddenly began to lose weight, became very thirsty and passed large quantities of urine. These symptoms became progressively worse until the patient dropped into a deep coma from which they never recovered.

From the time the first symptoms appeared, it was seldom over two years and frequently less than two months, when death resulted. Adults afflicted with the disease were a little more fortunate. Most of the cases exhibited the same symptoms at the onset, but the progression was much slower. Coma often appeared following some severe infection or systemic shock and death was the usual result. However, many cases lived on for years with the disease and in these cases, the disturbance in metabolism resulted in a gradual degeneration of the blood vessels which we called arteriosclerosis.

As the tissues of the body began to feel the disease in nourishment supplied them through these degenerated vessels they, too, began to degenerate. This disturbance usually manifest itself in the extremities where gangrene frequently developed. Another frequent complication was blindness resulting from the growth of cataracts or from retinal hemorrhages. All in all, the plight of the diabetic was not pleasant.

The danger signals which point to the possible existence of a diabetic condition in an individual are: Excessive thirst, excessive urination, loss of weight, intense itching, excessive hunger, changes in vision, easy tiring, pain in the extremities, slow healing of cuts and bruises.

In a mild undiagnosed case, however, not all of these symptoms may be present. An individual may merely not feel well. He may become unduly fatigued, for example, or only two or three of the less unusual symptoms may be present. If such a person is tested in time and diabetes is diagnosed the disease may easily be brought under control so that he will not suffer much discomfort.

What kind of people are likely to become diabetic?

Diabetes is no respecter of age or sex. Anyone may become a diabetic but the disease is found more often in the following category of people. People in whose family there are already known diabetics. Those over forty, the overweight, women in more cases than men. People in the above category should be especially careful to have themselves tested periodically for sugar in the urine. There are a million known diabetics in America and probably a million unknown. See your doctor this week and have your urine examined.

# Viking Cagers Hard At Work

Coach Bruce Smith reported today that his Viking basketball squad was fast rounding into shape following the first week of practice. At the present time only a very few boys on the squad have failed to show the form that was expected of them for this time of the season. Others however are showing vast improvement.

Three sophomores, David Owen, Allen Lucksted and Marvin Bielski and two juniors, Duane Worden and Jim Burch seemed to have the inside track for starting positions. Burch and Worden are returning lettermen from last year's Viking cage squad while Owen, Lucksted and Bielski are up from the second team. Although this team will be a bit short on experience, they are fundamentally one of the best squads that Grayling has floored in recent years. Coach Smith said. They are very fast and aggressive, but how they will cope with first team competition is the big question but they have looked in practice as though they could hold their own with the best.

The big problem is finding another five to backstop this starting lineup as their inexperience causes them to foul quite a bit and it appears that replacements will be needed.

Other boys on the squad who have shown promise to move up to the first team berths are Duane Sloan, the lone senior on the squad, Delbert Joslyn, Clyde Weiss, Dale Kenyon, Ted Davenport, Ronnie Larson, all juniors; Pete Millikin, Larry Pond, John Schofield and Roger Kessler, sophomores and Donny Stephan, Monte Malone and Dale Pettengill, freshmen.

Quinn-Walsh Wed In Saginaw

Rev. Fr. Charles A. Mahoney officiated at the nuptial Mass held at 9:00 A. M. on Saturday, November 10th, solemnizing the marriage of Miss Beatrice Mae Quinn and Raymond K. Walsh, son of Mr. and Mrs. Michael B. Walsh of Freeland, Michigan.

Beatrice is the daughter of Mr. and Mrs. George H. Quinn. The vows were exchanged at St. Peter and Paul's Church, Saginaw, Michigan. Special music, "Oh, Promise Me" and "Ave Marie," was presented by William M. Kempf. One hundred guests were present. The altar was resplendent with bouquets of white roses, gladioli and white pom mums for the occasion.

The bride was given in marriage by her father wearing a mauve gabardine suit, hat and navy accessories. She carried her mother's white leather, gold bound prayer book from which fell streamers tied with white roses and bebe mums.

Miss Jerrima Harwood was maid of honor. She wore a rust gabardine suit complemented with beige accessories and a corsage of red roses.

James J. Ryan of Saginaw was best man. Richard J. Vogt, uncle of the bride and Francis R. Walsh, brother of the groom, of Saginaw, seated the guests.

Mrs. Quinn was attired in a brown and white checked coat dress with brown accessories and a yellow rose corsage. Mrs. Walsh chose a purple suit, black accessories and wore a corsage of white roses.

The bride's aunt and uncle, Mr. and Mrs. Martin W. Bell of Saginaw were hosts at a dinner and reception at their home for 150 guests following the ceremony. An arrangement of white and yellow chrysanthemums and smilax graced the table from which the lovely three tiered wedding cake was served. Double candelabra bearing magic candles guarded either side of the centerpiece.

Beatrice attended Grayling High School and the groom graduated from St. Peter and Paul High School, Saginaw.

After spending a weeks honeymoon in Southern Michigan the newlyweds will be at home at 317 South Harrison Street, Saginaw. For going away Mrs. Walsh wore a hunters green suit with brown accessories.

Guests at the wedding and reception were present from Ann Arbor, Owosso, Flint, Merrill, Freeland and Grayling.

Special Thanksgiving Service Christian Science Churches

As is customary in all Christian Science Churches, a special Thanksgiving service will be held on Thanksgiving Day in Rockwell's Blue Room, 113 W. Main St. in Gaylord at 11 a. m.

Following the usual order of service there will be a brief period in which members of the congregation may express their gratitude for healings and other help which they have received during the past year.

The Golden Text from Psalms (92:1) is appropriate for the occasion and reads: "It is a good thing to give thanks unto the Lord and to sing praises unto thy name, O most High."

The Bible citations include Psalms (100:5): "For the Lord is good—his mercy is everlasting; and his truth endureth to all generations."

Among the citations from "Science and Health with Key to the Scriptures" by Mary Baker Eddy, (Prof. vii) will be the following: "To those leaning on the sustaining infinite, today is big with blessings."

## WHAT IS IT?

The business men, their key employees, and other public spirited people of the County joined together as a co-operative.

## WHAT FOR?

In order that the job of advertising, and promoting the County may be well done. Now more than ever advertising and promotion of our area is a good business investment because competition between resort areas is becoming more and more keen. Those who stand back now will in the very near future be left behind.

## SO WHAT?

The membership drive is now on. To carry on the Chamber must have both the moral and financial support of all. You will soon receive a letter of invitation to become a member, it is a privilege and duty.

## Deer Season Is Open

This morning at 7 a. m., the Michigan deer season got underway for its last half of November run.

We predict that due to the heavy snow this early in the year that Crawford County will draw more hunters than ever before. Hunting in the Upper Peninsula will be slowed down considerable due to closed back roads and high and heavy snow banks. Thus some down state hunters will be forced to hunt a little closer to home than heretofore.

Crawford County ranked last year among the top four or five counties in the state as to deer hunting results....that is bucks to take home. Just how much the starvation problem has affected the county's deer herd is problematical. State deer herd loss has been estimated at from 35,000 to 50,000 deer, but we feel that there are enough deer in this county to still afford plenty of good hunting. Crawford County hunters last fall bagged in excess of 4,000 bucks.

However, we predict that next year's deer hunting season will see several changes. The pressure to pare down the deer herd in the starvation areas is getting stronger and stronger and we feel at this next session of the State Legislature that it will be heard loud enough to force action.

Whether, the Conservation Department can aid the deer herd by changing regulations is a question that will be argued long and loudly around the camp fires this fall, but, we think that they'll probably get their chance to try during the 1952 deer season. — R. W. S.

## Low-Down on a high-powered Performer

Let us tell you this:

The Buick pictured here packs more power than you find in any other car of its size and room and price.

That's the power of Buick's newest high-compression valve-in-head eight—the F-263 Fireball Engine, that really gets miles from a gallon of gas.

Add to this the fact that it tips the scales at 3817 pounds curb-side—and you begin to see why this big-powered beauty is such a nimble-footed number out on the road.

But that's only Chapter I of the performance story.

There's a big-car feel to the way this trim traveler covers the ground—hugs the curves—holds its course on the straightaway—smothers the bumps with its big soft coil springs on all four wheels.

There's a big-car room inside—six-passenger room—headroom, hiproom, shoulderroom, kneeroom, front and back.

Come in, look it over, and we think you'll agree—it's big in everything but price.

And that's where it really shines. If you've shopped around you'll know what we mean when you read the price tags, and what they include in the way of standard equipment that shows up as "extras" on so many others. Such things as an oil filter, air cleaner, vacuum booster, built-in summer ventilation are all yours at no extra charge.

It's hard to believe but it's true. If you can afford a new car, you can afford this Buick at the prices we're quoting today.

Better come in and look this smart buy over.

### A Plea For The Boy Who Brings The Paper

I WOULD like to write some well-chosen words on the subject of treating the newsboy fairly. So many intelligent, well-meaning people do not seem to consider when they tell the boy to return time after time for the 45 cents weekly stipend that he is taking time away from homework, rest, etc.

Please give a thought to the boy who goes out in all kinds of weather to deliver the paper and though some make mistakes, on the average they are mostly reliable and dependable. They have a bill to meet themselves and after making one trip for collections, he has to return over and over for that weekly sum.

Put yourself in his place. Would you like it? Give the newsboy a break and pay him the first time he shows up for collections.

A Newspaper Boy's Friend.

### Michigan Mirror

The reapportionment bugaboo raises its head again. The Michigan Federation of Labor is circulating petitions to qualify a proposal for the general election ballot in '52. Copies of the petition propose the constitution be amended to give the secretary of state, rather than the legislature, power to apportion legislative seats.

The proposal calls for reapportionment in 1953 and every 10 years thereafter. Wayne county might get four or five senators in addition to the seven they have now and house representation would rise from 27 to 31 seats. Result: Urban control.

The issue has come up regularly now for years and just as regularly has been buried in the legislature.

Fair employment practices legislation has been pushed by Democrats for three years with no success. Such a bill would make it illegal to discriminate against workers because of race, color or creed.

A prominent Republican legislator recently predicted that in the next session of the legislature the controversial bill WOULD come out of committee. Said the G. O. P. stalwart, "The Democrats don't want this bill any more than we do. We'll get it out on the floor and let them (Democrats) defeat it themselves."

Another record breaking army of bow and arrow hunters is expected this year. Sales of archery licenses as of Nov. 1, totaled 6,600, as against 5,400 by the same date last year. Reports of small game licenses showed 124,779 sold compared to 122,542 at the same time last year.

It may be Dec. 15 before all of the 150,000 signatures of the anti-gasoline petition tax referendum petitions are checked. No more talk of a grand jury investigation into lobby methods of the Good Roads Federation which supported the gas tax boost.

University of Michigan and Michigan State College have 5,415 students in reserve officer training this year—1,448 at U. of M., and 3,967 at M. S. C. Freshman and sophomore military training is compulsory at M. S. C.

When asked if he thought pro-Eisenhower Republicans could stop Taft, Sen. Blair Moody said, "I don't think so. The senator is a very determined man."

W. F. Doyle, chairman of the little Hoover commission, recently defended the state legislature against criticism that it is to blame for "high cost" of state government. He says, "The fault clearly lies with well-meaning citizens who are willing to sacrifice the welfare in accomplishing the dubious purpose of organizations in

which they hold primary interest." A Michigan Girls Town, first of its kind in the country, is being discussed. Hitch is in financing the project. Present plan for the home, to be located near Gaylord, is to raise money by subscription to a publication.

Meanwhile the marked rise in escape attempts and walkaways at Ionia reformatory has state corrections officials worried. Jump in escapes has been from nine in 1949 to 15 in 1950 and 24 this year. Warden Garrett Heyns blames the trouble on not enough guards.

The upper floors of the fire ravaged state office building have been cleaned out preparatory to remodeling. Work is expected to start on the building by Dec. 1. Steel allotment has been secured.

Conservation officials will ask the legislature next year for authority to charge admission to state parks and to lease state lands for private use.

A new birth record may be set in 1951. Since April, births have been running 13 percent above those of last year. Federal security agency says the Korean war is the cause.

## This pickup pinches pennies!

There are two simple reasons why you save money when you buy an International pickup truck.

First, you get lower operating and maintenance costs. You get a pickup truck that is engineered throughout to do more work for less money.

Second, you get longer truck life. Even the smallest International pickup truck has the traditional stamina that has kept Internationals first in heavy-duty truck sales for 19 straight years.

You get these all-truck savings right

along with features that no other pickup truck gives you. For example—the COMPO-VISION CAB is "the roomiest, most comfortable cab on the road." The Silver Diamond engine is an outstanding development of the world's largest exclusive truck engine plant. Super-steering gives you maneuverability and ease of handling that make driving a pleasure.

But get all the facts for yourself. Come in and learn why International pickup trucks are the best truck value in pickups today.

## Large Group Expected At Hunting Camp

A large group of deer hunters from Flint and Grand Rapids are expected to arrive at a deer hunting camp west of Grayling located at the old E. T. Strong Ranch this week.

## Deer Season Now Underway

Michigan's 16-day big game season got underway November 15 with the conservation department anticipating a deer hunting force of nearly 400,000 or a few more than last fall's 386,563 licensed riflemen.

Harvest, according to I. H. Bartlett, department deer specialist, may be slightly smaller to about the same as last year. Estimated 1950 bag was 121,000 deer, resulting in nearly 32 percent of the hunters being successful.

If the early snows block side roads and keep hunters out of many customary interior areas a

lighter kill would be almost certain.

The largest deer starvation in state history last winter and spring has slowed the expansion of the herd, particularly in the northern lower peninsula. In spite of an estimated loss of 35-50,000 animals, the total Michigan herd, estimated at 800,000-1,000,000 head, still is too large for the size of its range.

There is only one regulation change in the Nov. 15-30 season. Big game hunters will observe regular shooting hours for the first time, 7 a. m.-6 p. m. Deer seekers in the southern third of the state will be restricted to shotguns, with buckshot, ball or slug loads.

Resident deer and bear license is \$3.50, nonresident fee is \$35 and a camp permit is \$3.50. Not less than four persons must comprise a hunter-camping group in order to take a buck for camp purposes.

Persons who hunted in the bow season but failed to get a deer, may hunt with bow and arrow or gun in the general season providing they purchase a general season license.

Those who want to set up a camp on state-owned land must obtain a camp registration card from a hunting license agent, or a conservation department office.

Rifleman away from home and who have killed their deer may avoid spoilage in case of warm weather by obtaining a special no-cost permit from department district offices. Permit authorizes a hunter to have deer processed and stored at a locker plant for later transportation home.

Deer hunters again may register at any state police post or conservation headquarters so they might be contacted in case of an emergency. Those planning to register should be sure to advise those at home of the registering post or headquarters.

Of the 83 counties—all of which have at least some deer including Wayne county — Roscommon county had the largest bag of nearly 6,000 deer, as well as the greatest hunting pressure last fall 20,675 hunters. Others with over 4,000 deer shot were Montmorency, Ontonagon, Lake, Alcona, Crawford and Ogemaw counties. At least 1,000 were bagged in all except 10 of the northern lower and upper peninsula counties.

## LEGAL NOTICES

### STATE LAND SALE

NOTICE IS HEREBY GIVEN, That pursuant to the provisions of Section 131 of Act 206, P. A. 1893, as amended, state lands in Crawford County will be placed on the market by offering same for sale at public auction, Thursday, December 13, 1951, at ten o'clock in the forenoon, Eastern Standard Time, in the county

courthouse, Grayling, Michigan.

Pursuant to statutes, deeds conveying lands so offered will reserve the following to the State of Michigan: all rights to minerals, coal, oil, gas, sand, gravel, marl, etc.; rights of ingress and egress over and across lands lying along any watercourse or stream; all rights to aboriginal antiquities, mounds, earthworks, etc.

Pursuant to Section 6, Act 155, P. A. 1937, as amended, any person (former owner) who at the time of the tax sale had an interest in lands so sold, shall have the right for a period of thirty days after the public auction to meet the highest bidder. For this reason, successful bidders at the sale will receive a thirty-day purchase certificate. If the former owner does not redeem, deed will be issued to highest bidder at the expiration of thirty days, or in the event the former owner does redeem, the high bidder will receive a refund of the purchase price. Former owners, under the provisions of this sale, do not acquire mineral rights.

The right is reserved to reject any or all bids.

Further particulars and list of property to be offered are available at the County Treasurer's office at Grayling, Michigan, Conservation District Headquarters, Mio or Lands Division, Department of Conservation, Lansing.
